

Finished Goods Manufacturing Capabilities

www.abbottcontractmfg.com

Telephone: USA 1-800-240-1043 ■ Outside USA 1-847-938-8524

Solid Dosage Product Manufacturing

Massing

- Wet massing processes utilize Gral or Day massers
- Aeromatic fluid bed and warm air tunnel dryers
- Marumerizer and spheronization

Compression

- Multitude of gravity and induced feed machines with precompression capabilities for tablets, caplets and hard gelatin capsules

Coating

- 48- and 60-inch Accela-Cotas
- Glatt particle coater

Other Available Specialties

- Accela-Cota and Multi-Cota coaters
- Gradumet chamber
- Liquid reactors: 200 L to 4000 L scale
- Meltrex (melt extrusion): three full-scale and one midscale
- High potency contained processes
- Automated blending

Solid Dosage Product Packaging

Printing

- MARKEM II and III tablet printers with roller and disc-sorting capability
- Ackley capsule and tablet printer

Packaging

- Automated tablet-counting and slide-filling capability for a wide range of bottle sizes
- Blister packaging of tablets and capsules
- Bottle filling of tablets, liquids, granules and creams
- Tamper-evident, induction-sealed neck and body banding
- Syringes
- Sachets

Liquid and Topical Product Manufacturing

Manufacturing

- Multitude of both jacketed and non-jacketed tankage varying from 1200 L to 6800 L capacity
- Topical ointment capability
- Suppository manufacturing

Filling and Finishing

- Filling and packaging glass and plastic bottles
- Manual and automatic cartoning
- Pouching for suppositories
- Stretch wrapping of containers and packages
- Metal and plastic tube filling for ointment
- Tamper-evident neck banding
- All types of roll-feed labeling capability

Availability of Dosage Forms per Region

Dosage Forms	Region
Film-coated tablets	North America, Latin America, Europe, Japan, Asia
Sugar-coated tablets	North America, Latin America, Japan, Asia
Chewable tablets	North America, Europe, Japan, Asia
Modified-release tablets	North America, Latin America, Europe, Asia
Multilayer tablets	Latin America, Europe, Asia
Ointments/creams	Latin America
Capsules	North America, Latin America, Europe, Japan
Syrups/Suspensions	North America, Latin America, Europe, Japan, Asia
Drops	Latin America
Sprays (nonpressurized)	Europe
Granules	North America, Latin America, Europe, Japan, Asia
Microgranules	North America, Latin America, Europe
Sticks	Europe
Sachets	Europe, Japan, Asia
Liquids	North America, Latin America
Meltrex (melt extrusion) tablets	Europe, Puerto Rico
